

## Loaner Kit Program

### WHAT:

Southern Science Supply is extending to educational organizations the opportunity to borrow most of our hand-held video camera microscopes. Typically, you can borrow a kit for two weeks with no cost or fee to you. Southern Science Supply will pay the shipping expenses both ways.

### WHY:

- Allow those who are interested in our products to use them first hand in the environment they will be potentially used.
- Demonstrate the microscopes to other teachers, colleagues, or administrators to show the value of the equipment.
- Allow students and teachers to actually use the equipment and experience how easy, engaging and exciting the microscopes are. Lessons are enhanced with the use of our microscopes.
- Demonstrate the value of these tools to potential funding sources.

### HOW?

- Call or email us if you want help selecting the right product for your needs. (877-968-7522), [sales@southernsciencsupply.com](mailto:sales@southernsciencsupply.com).
- Fill out and sign the Equipment Loan Agreement form below 2020 and fax it back to us at 210-805-9319 or scan and email to [carol@southernsciencsupply.com](mailto:carol@southernsciencsupply.com).
- Upon Receipt of the signed form, Southern Science Supply will ship the loaner kit.

### THEN WHAT?

- You will then have the opportunity to purchase the unit by sending us a purchase order or to pay by credit card or check. Should you decide not to purchase the unit, or can't procure funding at this time; we will pay for shipping back to us, with no obligation to you.
